

TUSKO

DIAMOND TOOLS

SHANDONG TUSKO INDUSTRIAL TECH. CO., LTD.

TUSKO®

About Us

TUSKO is a leading manufacturer specializing in the production of high-performance diamond cutting blades. Established with a commitment to innovation and excellence, we have been at the forefront of the cutting tool industry for over 10 years. Our products are trusted by professionals across industries for their precision, durability, and efficiency.

Our Expertise

At TUSKO, we combine advanced technology with expert craftsmanship to create diamond cutting blades that meet the highest standards of quality. Our team of engineers and technicians ensures that every blade is designed to deliver optimal performance in even the most demanding applications.

Product Range

Our extensive product line includes:

Diamond Blades for Construction: Ideal for cutting concrete, asphalt, and masonry.

Industrial Diamond Blades: Designed for cutting metals, ceramics, and composites.

Specialized Blades: Custom solutions for unique cutting needs.

Why Choose TUSKO?

Superior Quality: Made with premium-grade diamonds and advanced bonding materials.

Innovative Design: Engineered for precision and longevity.

Custom Solutions: Tailored blades to meet specific customer requirements.

Global Reach: Serving clients in over 30 countries with reliable delivery and exceptional service.

Our Mission

At TUSKO, our mission is to empower professionals with cutting-edge tools that enhance productivity and precision. We are dedicated to continuous innovation and customer satisfaction, ensuring our products remain the preferred choice worldwide.

Diamond Saw Blade

SEGMENTED SERIES

Hot-pressed sintering

- Paving slabs, concrete, bricks and roofing tiles
- 7mm or 10mm hot sintered diamond segments
- Blade material: 1.75Cr1

Item No.	Diameter(mm)	Diameter(in)	Layer 1(mm)	Layer 2 (mm)	Layer height 1 (mm)	Layer height 2(mm)	Hole(mm)
TS115	115	4 1/2"	2	2	7	10	22.2

Diamond Saw Blade

TURBO SERIES

Hot-pressed sintering

- Concrete paving slabs, pipes and kerbs, cured concrete, hard sandstone, limestone, marble, pavements, facing bricks and slate.
- 10mm hot sintered diamond segments
- Blade material: 1.75Cr1

Item No.	Diameter(mm)	Diameter(in)	Layer 1(mm)	Layer 2 (mm)	Layer height 1 (mm)	Layer height 2(mm)	Hole(mm)
TT115	115	4 1/2"	2	2	7	10	22.2

Diamond Saw Blade

CONTINUOUS SERIES N

Hot-pressed sintering

- Ceramic, porcelain, granite, marble, slate, terracotta, dense clay, quarry tiles and travertine
- 10mm continuous hot sintered rim
- Blade material: 1.75Cr1

Item No.	Diameter(mm)	Diameter(in)	Layer thickness (mm)	Layer height(mm)	Arbor hole(mm)
TN105	105	4 "	1.1	10	20

Diamond Saw Blade

CONTINUOUS SERIES C

Hot-pressed sintering

- Ceramic, porcelain, granite, marble, slate, terracotta, dense clay, quarry tiles and travertine
- 10mm continuous hot sintered rim
- Blade material: 1.75Cr1

Item No.	Diameter(mm)	Layer thickness (mm)	Layer height(mm)	Arbor hole(mm)
TC115	110	1.8	15	20
TC125	125	2	10	22.2
TC230	230	2	10	22.2

Diamond Saw Blade **SEGMENTED SERIES R**

Laser welded

- Concrete, kerb stones, roofing, tiles, brick pavements, building blocks, and concrete lintels
- 10mm laser welded segments
- Blade material: 1.75Cr1

Item No.	Diameter(mm)	Layer (mm)	Layer 1(mm)	Layer 2(mm)	Hole 1(mm)	Hole 2(mm)
TR350	350	2.6	10	15	25.4	60

Welding Process: High Frequency & Laser

Outer:8mm~1000mm

Segment height:10mm

Workinglength:245-400mm

Total length:300-450mm

Welding Process: Copper & Laser

Laserweldingrange: 30mm-300mm

Raw Material: Precision steel tube & Diamond segment

Thread: 1-1/4-7UNC,1-1/4-3,M22,etc

Application: Reinforced Concrete,Brick,Asphalt with water.

Suitable for:Portable &Fixed DrillerDirect Factory, Accept Customization.

Diameter: 26mm-1000mm

Continuous Threaded Tube Drill is made of three parts, coupling (part with connection end), tube (middle part) and cutter head (part with segment).

Adding the tube threaded together can drill deep holes within 2M.

When the diamond segment is exhausted, only need to replace the cutter head, not the whole drill bit. Cost saved.
